## Dear friends,

Once again the EPP Group has asserted its place as the largest political Group and force in the European Parliament - welcoming new Members in our ranks. We are - among the democratic-centre parties - the only one who increased the seats. We can be proud how we delivered during the election campaign!

This term we will focus our work on ensuring Europe's strategic autonomy and preparedness, stopping illegal migration, continuing our work to uphold our European way of life and a stronger European democracy in the World.

It is crucial that we do everything in our power to create a European Security and Defence pact. To keep people safe and to ensure Europe's strategic autonomy and preparedness. This means Europe must be capable to defend itself while fully supporting an enlarged NATO. Against Putin's unjustified aggression, we will stand firmly on the side of our Ukrainian friends, for as long as it takes. We will combat terrorism and organised crime, protecting all citizens, especially women and children, from violence online and offline.

One of the most pressing issues we need to tackle this plenary term is the issue of illegal migration. The EPP Group led and achieved fundamental common European solutions and we must now take it a step further. After the finalisation of the Asylum and Migration Pact, it is time to focus on its implementation and boost the external dimension of our migration and asylum policy, prioritising agreements with key third countries and making our return policy more effective.

We will fight to make Europe more competitive - strengthening our economy and trade relations. Our single market and our capacity to innovate are our best resource to achieve this goal. In a technology-driven economy, Europe must be at the forefront of technological innovation. With coal and steel, shared energy was the foundation of European integration. We want Europe to ensure energy se-

curity and affordability for all citizens and businesses. Economic and energy security must go hand in hand with food security.

Our European way of life combines tradition with progress, preserves our cultural richness and diversity, keeps societies together caring for people's health and for the ones most in need. We will make sure to preserve it. It is about building bridges across generations, facilitating their talents to the fullest, caring for all generations equally and protecting the climate and the planet for the young and future generations.

Our aim must be to make the EU more capable of acting, more efficient and democratic while keeping the central role of Member States, according to the subsidiarity principle. In the new global context, Europe can only represent its interests if it speaks with one voice, if it can respond quickly and it can effectively cooperate with its partners. We need a forward-looking approach to enlargement as not only our foreign policy, but also our own security policy depends on it. The EU has to show unambiguous commitment to the foundational values of democracy, the rule of law and fundamental rights enshrined in the Treaties, and should consolidate enforcement mechanisms that protect those values.

Together with our strong leaders - Roberta Metsola, President of the European Parliament, and Ursula von der Leyen, President of the European Commission - we will shape policies for a competitive, democratic and united Europe. I ask you to stand together in this joint endeavour - for our common goals.

**Manfred Weber**

Chairman of the EPP Group in the European Parliament

# THE EPP GROUP HISTORY AND STRUCTURE

---

EPP Group Presidency

## The EPP Group

The EPP Group, with its 188 Members from 27 EU Member States, is the largest political grouping in the European Parliament. The Christian-Democratic Group was founded on 23 June 1953 for the purposes of cooperation within the Common Assembly of the European Coal and Steel Community.

The Group changed its name to the EPP Group in July 1979 immediately after the first direct elections to the European Parliament. At the constituent meeting after the 1999 European Elections, the name was changed to the Group of the European People's Party (Christian Democrats) and European Democrats, which was abbreviated to EPP-ED.

Ten years later, after the 2009 European Elections, the Group again assumed the name it held for most of its history and is now called the EPP Group celebrating in 2023 its 70th Anniversary.

## The EPP Group Presidency

Manfred Weber presides over the Group in his capacity as Chairman. He is assisted by ten Vice-Chairs who have different areas of responsibility within the framework of the Group's activities.

The areas of responsibility of each Vice-Chair are set out below. The Presidency meets at regular intervals with the Heads of National Delegations to discuss key guidelines and to prepare decisions of major importance for the Group's strategy.

### The EPP Group Bureau

The Bureau is responsible for strategic and political decisions.

#### It is comprised of:

- The Members of the Presidency;
- The Heads of National Delegations;
- The President, the Vice-Presidents and the Quaestors of the European Parliament belonging to the Group;
- The Chairs of the Parliament's standing committees belonging to the Group;
- The Coordinator within each of the standing committees;
- The Chairman and the Secretary-General of the European People's Party if they are also Members of the European Parliament;
- And one co-opted Member for every 10 Members of a national delegation.
